

Austrian cable tray price

Article Overview

Cable tray supports in Austria typically range from €10 to €50 per meter, depending on material, type, and load capacity.

Pricing Overview

The cost of cable tray supports varies based on material, design, and supplier. Common materials include galvanized steel, stainless steel, aluminum, and plastic, with steel being the most cost-effective for heavy loads and aluminum or stainless steel costing more due to corrosion resistance and durability. Plastic supports are cheaper but are generally suitable only for light-duty applications.

- Steel supports: €10–€30 per meter, suitable for standard industrial and commercial installations.
- Aluminum supports: €20–€50 per meter, lightweight and corrosion-resistant, ideal for specialized or outdoor applications.
- Stainless steel supports: Higher-end pricing, often exceeding €50 per meter, used in environments requiring high hygiene or extreme corrosion resistance.

Factors Affecting Cost

- Type of tray support: Ladder trays, perforated trays, and wire mesh trays differ in price, with ladder trays generally costing more due to their ability to carry heavier cables.
- Load capacity: Supports designed for heavy power cables or industrial applications are more expensive than those for light data or control cables.
- Coatings and finishes: Hot-dip galvanized (HDG) or powder-coated supports incre...
