

Benin Low Voltage Busbar Systems Company

Overview

BKS Stromschienen ag was founded in January 1995 with the aim of developing and producing cast resin busbar systems for low and medium voltage with the degree of protection IP68. With an ever changing economy and customer demand BK S adapted and expanded its product range to a variety of busbar products. Today BK S prides itself In offering low voltage busbars of cast. GGD Series Fixed-Type AC Low-Voltage Distribution Cabinets I. Product Overview The GGD low-voltage fixed switchgear is designed based on the requirements of a wide range of power users and design departments, adhering to principles of safety, economy, rationality, and reliability. It is widely used. The busbar trunking system market in Benin is witnessing growth, driven by the demand for efficient and flexible power distribution systems in commercial and industrial buildings.
