

Cable tray and channel steel fixing

Overview

Cantilever Arms, Angle Brackets, Beam Clamps, Channel Nuts & Fixings manufactured from high-quality galvanised steel, ideal for supporting cable trays, cable baskets and strut channel systems. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. These are very versatile assembly systems which allow complex assemblies to be carried out in a quick, easy, durable way. Whether you're managing voice, data, or electrical cables, ensuring your trays are installed correctly is essential to keeping everything neat, secure, and functional. These cable tray fittings and accessories are essential for the seamless installation of an integrated cable management. Direct Channel offers a comprehensive selection of Cable Tray Brackets and Hangers, designed to provide robust support and efficient installation for various cable management systems.
