

Construction of electrical distribution boxes near Laos

Article Overview

Electrical distribution boxes in Laos can be sourced and manufactured through local suppliers and distributors, particularly in Vientiane and major industrial hubs.

Key Manufacturers and Suppliers

- SBL / Legrand Laos SBL distributes Legrand products, a global specialist in electrical and digital building infrastructure, including distribution panels, busbars, and wiring devices suitable for residential, commercial, and industrial applications. They provide solutions for customized distribution panels and can advise on installation and system design . Their operations are primarily based in Vientiane, the capital city, which serves as the main industrial and commercial hub.
- Local Wholesale Suppliers Platforms like Go4WorldBusiness list Laos-based suppliers of smart distribution boxes, including customized stainless steel enclosures with IP66/IP67 protection for high-voltage cable systems. These suppliers can manufacture boxes according to customer specifications, including the number of cable terminations and ingress protection requirements .

Industrial and Business Zones

- Vientiane: The capital hosts most import-export companies, industrial suppliers, and foreign investment offices, making it the primary location for sourcing and manufacturing electrical distribution equipment .
- Special Economic Zones (SEZs): Investors can establish manufacturing operations in SEZs after obtaining the necessary foreign investment licenses and permits from...
