

Direct supply from UAE cold-joint single-core manufacturer

Article Overview

UAE-based manufacturers and authorized distributors offer direct supply of cold-shrink single-core cable joints for medium voltage applications, ensuring high-quality materials and easy installation.

Key Manufacturers and Suppliers

1. Alyamuna Densons Alyamuna Densons is a leading UAE manufacturer and supplier of 22kV cold-shrink joints for both single-core and three-core cables. Their products are made using high-grade materials and comply with international standards, suitable for industrial and utility applications . 2. Electromec Electromec provides cold-shrink termination kits for single-core and three-core copper-screened, polymeric insulated cables up to 18/30 kV ($U_m = 36$ kV). Their one-piece silicone design ensures long life, excellent tracking resistance, and environmental protection. These kits are suitable for both armored and unarmored cables and cover a wide range of conductor sizes . 3. Dhafir Group for General Trading Dhafir Group is an authorized distributor of Tyco Electronics Raychem products in Abu Dhabi. They offer a comprehensive range of heat-shrink and cold-shrink cable joints and terminations for single-core cables up to 36 kV. Their products are widely used by major utilities such as ADNOC, DEWA, and SEWA, ensuring reliability and compliance with industry standards . 4. 3M UAE 3M provides cold-shrink medium voltage cable accessories, including QT-II and QT-III terminations for single-core cables. These pre-stretched silicone rubber tubes are installed without heat, creating a tight environmental seal and reducing installation errors. 3M's cold-shrink technology is recognized for long-t...
