

Distribution Box Lighting Manufacturer

Article Overview

Leading manufacturers of distribution boxes for lighting include Wieland, BEGA, and Delixi Electric, offering solutions for both indoor and outdoor applications.

Key Manufacturers and Their Offerings

Wieland Electric specializes in decentralized electrical installation systems, providing distribution boxes suitable for power, signal, and data distribution in buildings and industrial plants. Their products support pluggable installation, smart building integration, and harsh environmental conditions, ensuring flexibility and energy efficiency in lighting and electrical setups . BEGA offers distribution boxes designed for outdoor lighting installations, particularly for soil-mounted luminaires. Their boxes feature IP68 protection, multiple cable entries, and terminal connections, ensuring safe and durable connections for architectural lighting projects . Delixi Electric provides a broad range of electrical distribution solutions, including lighting distribution boxes for residential, commercial, and industrial applications. Their products focus on safety, reliability, and efficiency, supporting both household and industrial automation environments .

Electrical Distributors

For sourcing and procurement, companies like Acuity Brands and G&G Electric Supply act as distributors, offering a wide selection of lighting and electrical distribution products. They provide tools for project planning, stock management, and technical support, ensuring that contractors and designers can access high-quality distribution boxes quickly
