

Fiber Optic Cable Terminal Box Splicing Processing Manufacturer

Article Overview

Leading manufacturers of fiber optic terminal and splice boxes include Siemon, Phoenix Contact, UnitekFiber, and Fiberlink, offering solutions for FTTH, data centers, and telecom networks.

Key Manufacturers and Their Offerings

Siemon provides a wide range of fiber optic splicing solutions, including fusion and mechanical splicing options. Their products feature heat shrink sleeves for protecting splices, splice trays for organizing fibers, and compact cassettes supporting up to 24 fibers per cassette with LC or SC connectors. Siemon emphasizes fast, reliable termination and high-density applications for data centers and telecom rooms . Phoenix Contact offers compact splice boxes suitable for DIN rail mounting. Their FDX 20 series ensures reliable, high-speed data transmission with up to 12 duplex front connections. These boxes are designed for secure fiber connections and are ideal for industrial and real-time data applications . UnitekFiber manufactures fiber optic termination boxes made from durable ABS or ABS+PC materials. Their boxes provide protection against dust, moisture, and physical damage, with waterproof ratings up to IP68. They offer a variety of port options from 2 to 48 ports and support functions such as cable fixing, fusion splicing, connector blending, and storage. Fiber splice trays are included to organize and protect delicate splices . Fiberlink supplies fiber optic splice boxes ranging from 1 core to 144 cores, including fiber terminal boxes, splice enclosures, and optical distribution boxes. Their products are suitable for FTTH solutions and provide organized, secure environments for fiber splicing and distribu...
