

Functions of Kenya Intelligent Low-Voltage Complete Equipment

Overview

Provide a full range of products from low-voltage distribution (ACB/MCCB/ meters), control devices (VFD/soft starters). Equipped with comprehensive protection functions such as short circuit, overload, and leakage, as well as reliable explosion-proof, fireproof. Secure and Intelligent Spaces, Powered by HSC ELV Systems We deliver holistic Extra-Low Voltage (ELV) solutions that integrate Security, Fire and Automation into intelligent ecosystems. Covering a wide array of categories from security to fire protection to sound and communication, Imexolutions' low voltage systems are instrumental in the preservation of life and property at your. Secpower Technologies LTD supplies, installs, and maintains high-performance Low Voltage (LV) Switchgear systems designed to ensure safe power control, protection, and distribution across residential, commercial, and industrial environments in Kenya. Reducing accidents and ensuring the electrical safety.
