

How can I buy cheap fiber optic panels

Article Overview

To buy fiber optic panels cheaply, consider online distributors, refurbished or bargain sections, bulk purchases, and comparing multiple suppliers for discounts and shipping deals.

1. Compare Online Suppliers

Several online vendors offer competitive pricing for fiber optic panels:

- FS provides a wide range of FHD® FAPs and FHU™ 1U fiber patch panels with LC, SC, and MTP/MPO connectors suitable for high-density networks .
- Newegg lists fiber optic panels with LC/LC couplers and duplex adapters, often with fast shipping and customer service support .
- ShopFiber24 offers both singlemode and multimode panels, patch cables, and occasionally bargains or refurbished items, which can reduce costs significantly .
- i-Net Networks sells high-capacity sliding patch panels with accessories, sometimes at discounted online prices .

2. Look for Refurbished or Bargain Items

- Some suppliers, like ShopFiber24, maintain a bargain area where refurbished or overstock panels are sold at lower prices .
- Refurbished panels are often tested and come with quality assurances, making them a cost-effective alternative to brand-new units.

3. Buy in Bulk...
