

How much does fireproof cable tray cost in Zhanhua

Article Overview

Fireproof cable trays in China typically range from \$15 to \$80 per meter, depending on material, size, and customization.

Price Range and Factors

The cost of fireproof cable trays varies widely based on material type (e.g., FRP, stainless steel, aluminum, or galvanized steel), tray design (ladder, perforated, or wire mesh), and load capacity. Standard FRP or fiberglass trays generally start around \$15–\$25 per meter, while heavy-duty stainless steel or customized trays can reach \$60–\$80 per meter. Additional factors affecting price include:

- Customization: Custom lengths, widths, and finishes (e.g., hot-dip galvanized or powder-coated) can increase costs.
- Certifications: CE or GB 50057 compliance for fire resistance may add to the price.
- Supplier and volume: Bulk orders from manufacturers or direct sourcing via B2B platforms like Alibaba or Made-in-China can reduce per-unit costs.
- Market trends: Rising raw material costs (steel, aluminum) and demand from industrial and commercial construction projects can influence pricing.

Local Procurement in Zhanhua

While specific Zhanhua prices are not listed online, suppliers in nearby industrial hubs in China often provide factory-direct delivery. Contacting local distributors or using...
