

How to quote a price for galvanized cable trays

Article Overview

Hot-dip galvanized cable trays typically range from \$5 to \$25 per meter, with additional costs for fittings, accessories, and installation.

Factors Affecting Price

The cost of galvanized cable trays depends on several key factors:

- **Material and Finish:** Hot-dip galvanized (HDG) trays are more corrosion-resistant than standard steel, adding 15-30% to the base price, while pre-galvanized trays are slightly cheaper .
- **Tray Type:** Ladder, perforated, or solid-bottom trays have different manufacturing costs, with ladder trays being common for industrial use .
- **Size and Load Capacity:** Wider or deeper trays designed for heavy loads cost more due to increased material usage .
- **Accessories:** Bends, reducers, couplers, and covers are priced per piece and can significantly affect total cost .
- **Quantity:** Bulk orders often reduce unit prices by 15-30% .
- **Special Requirements:** Outdoor, explosion-proof, or anti-corrosion features increase cost .

Typical Pricing

- **Standard Hot-Dip Galvanized Ladder Tray:** \$5-\$25 per meter depending on size a...
