

Installation price of lighting cabinet and distribution box

Article Overview

The installation cost for lighting cabinets typically ranges from \$150 to \$350 per cabinet, while distribution boxes can cost from \$500 to over \$2,000 depending on specifications and installation complexity.

Lighting Cabinet Installation Costs

The labor cost for installing standard cabinets, including lighting cabinets, generally falls between \$150 and \$350 per box, depending on size, mounting method, and complexity of the layout . Mid-range installations for 15 cabinets with moderate trim and some corner units can cost \$180-\$270 per box, while premium scenarios with tall units, decorative molding, or specialty hardware may reach \$250-\$350 per box . Additional costs for lighting fixtures, wiring, switches, and power adapters can range from \$50 to \$200 per cabinet, with LED strips or puck lights adding \$15-\$50 per fixture . Regional labor rates and material availability can further influence the total cost . For under-cabinet lighting specifically, the national average installation cost per fixture is \$531-\$673, which includes professional labor but may vary based on site conditions and fixture type .

Distribution Box Installation Costs

The cost of a distribution box depends on voltage rating, amperage capacity, number of circuits, material, and additional features such as smart monitoring or weather resistance . Standard residential units may start around \$500-\$800, while commerc...
