

Installation price of outdoor complete power distribution box

Article Overview

Installing an outdoor power distribution box typically costs between \$2,800 and \$6,000, depending on amperage, enclosure type, and installation complexity.

Cost Overview

The total price for an outdoor distribution box includes the panel itself, weatherproof enclosure, breakers, wiring, labor, and permits. For a standard residential setup:

- 100-125A indoor panel replacement: \$1,200-\$2,500 (parts and labor)
 - 200A outdoor upgrade with new meter socket: \$3,000-\$6,000, including weatherproof enclosures and labor
- Factors affecting cost include panel amperage, distance from the main service, complexity of wiring, and whether a meter socket replacement is required. Outdoor-rated boxes generally cost more than indoor units due to weatherproofing and durability requirements .

Labor and Installation Considerations

- Electrician hourly rates: \$75-\$120, with total labor ranging from 6-18 hours depending on project scope
- Additional work: Trenching, conduit rerouting, or structural modifications can increase costs
- Permits: Required in most regions, adding \$50-\$300 depending on local regulations
- High-end installations: May include smart meters, main-tie breakers, or integratio...
