

Italian cable tray prices and manufacturers

Article Overview

Italian cable tray prices vary depending on material, type, and customization, with suppliers like FEMI-CZ and Spina Group offering competitive factory rates.

Overview of Italian Cable Tray Pricing

Cable trays in Italy are generally cost-effective solutions for industrial and civil installations, offering durability, low maintenance, and ease of installation . Prices depend on several factors:

- **Material:** Steel (galvanized or stainless), aluminum, and wire mesh are common. Stainless steel and aluminum trays are typically more expensive due to corrosion resistance and lightweight properties .
- **Type:** Ladder, perforated, closed-bottom, and wire mesh trays have different costs. Ladder trays are widely used and moderately priced, while closed-bottom trays for sensitive environments are higher in cost .
- **Size and Customization:** Standard widths (e.g., 300 mm) are more affordable, while custom sizes or special thicknesses increase the price .
- **Accessories:** Elbows, junctions, supports, covers, and expansion joints add to the total cost but are essential for complete installations .

Notable Italian Manufacturers and Price References

- **FEMI-CZ:** Offers high-performance metal cable trunking and custom solutions. The...
