

Large-span lightweight cable tray company

Article Overview

Leading manufacturers of large-span, lightweight cable trays include Shandong Tianhong, Canhope Steel, ABB, and other professional global suppliers offering durable, customizable, and easy-to-install solutions.

Key Manufacturers and Offerings

1. Shandong Tianhong Electric Power Technology Co., Ltd. Tianhong specializes in a wide range of cable tray systems, including perforated trays, cable ladders, trunking, and strut channels. Their products are designed for lightweight, easy installation, and excellent ventilation, making them suitable for data centers, commercial buildings, and industrial projects. They provide OEM & ODM services for customized solutions and emphasize durability, corrosion resistance, and flexible installation across long cable runs . 2. Canhope Steel Canhope Steel manufactures large-span cable trays designed for heavy-duty industrial and commercial applications. Their trays are made from high-strength galvanized or stainless steel, offering excellent load-bearing capacity and corrosion resistance. They provide ladder, perforated, and solid-bottom designs with modular construction for easy installation over long spans without intermediate supports. Canhope's products are widely used in power plants, tunnels, subway systems, and petrochemical projects . 3. ABB ABB offers a comprehensive range of cable tray systems, including perforated trays, cable ladders, and channel trays. Their solutions are engineered for industrial and commercial wiring, providing robust support, modularity, and compatibility with various electrical installations . 4. Other Professional Suppliers Companies like Power Cable Tray provide customizable...
