

Madagascar Explosion-proof Distribution Box Brands

Article Overview

Global suppliers like Warom, Extol International, Bartec, Atex Delvalle, and Supermec provide ATEX and IECEx certified explosion-proof distribution boxes suitable for hazardous environments, which can be sourced for use in Madagascar.

Key Manufacturers and Offerings

Warom Technology specializes in explosion-proof electrical equipment, including distribution boxes, control panels, and motor switches. Their products comply with international standards such as IEC, ATEX, and IECEx, and are suitable for petroleum, chemical, marine, and mining industries. Extol International offers a comprehensive range of explosion-proof distribution boards and control panels with ATEX certification. Their products are available in stainless steel, aluminium, and cast iron, designed for Zone 1 (21) and Zone 2 (22) hazardous areas, with IP42 to IP66 protection ratings. Bartec provides modular and customizable explosion-proof power distribution solutions, including Ex d (flameproof), Ex e (increased safety), and Ex i (intrinsically safe) enclosures. They offer low- and medium-voltage switchgear, motor control, and integrated power handling systems with global certifications and long design life. Atex Delvalle manufactures custom-made local control stations and distribution boxes in stainless steel (AISI 304L/316L) or GRP. Their products are fully configurable, certified for ATEX and IECEx, and designed for extreme outdoor conditions. Supermec is a full-range manufacturer of ATEX and IECEx compliant explosion-proof electrical equipment, including distribution boards, control stations, and enclosures. They provide integrated engineering, procurement, construction, a...
