

Multimode fiber optic pigtail supplier

Article Overview

Top manufacturers of multimode fiber optic pigtails include Iveonet, Leviton, FiberOptics.com, ME Fiber Optic, and Unisol Communications, offering a wide range of fiber types, connectors, and customizable options.

Leading Manufacturers and Suppliers

Iveonet offers multimode pigtails in OM1, OM2, OM3, and OM4 (62.5/125, 50/125) fiber types. Their products feature factory-based assembly and machine connector polishing for high performance and durability. Connector options include ST, SC, LC, FC, SMA, and MTRJ, available in UPC or APC polish, with 2mm or 3mm jacket options upon request. Leviton Network Solutions provides fiber optic pigtail kits suitable for mechanical or fusion splicing. They offer both multimode and single-mode fibers with SC, ST, or LC connectors. Leviton's premium pigtails are designed for low insertion loss and custom lengths, while economy options provide cost-effective solutions with same-day shipping. FiberOptics.com stocks a variety of multimode pigtails with major connector types, including SC, LC, ST, and FC, in UPC or APC polish. Their products ensure reliable, low-loss connections and are suitable for terminating fiber optic cables in patch panels, transceivers, or distribution frames. ME Fiber Optic offers a wide selection of single-mode and multimode pigtails with SC, LC, ST, and FC connectors. Their pigtails are designed for high-performance network termination, supporting both fusion and mechanical splicing applications. Unisol Communications manufactures high-performance multimode fiber optic pigtails for enterprise LANs, metropolitan networks, and FTTH applications. They provide LC, SC, FC, and ST connectors, with factory-terminated and tested ends for optimal optical performance. Customization options include fiber count, cable construction (tight buffer or loose t...
