

New Zealand Fiber Optic Cable Rewinding Machine Manufacturer

Article Overview

High-speed fiber optic cable rewinding machines are available internationally, and New Zealand suppliers like OplinX and Pearlyond Technologies can provide local support and sourcing.

Local Suppliers in New Zealand

- OplinX New Zealand Limited OplinX specializes in fiber optic cabling products, including pre-terminated cables, test and measurement equipment, and fusion splicers. While they primarily supply cabling and accessories, they can assist in sourcing high-quality rewinding machines from international manufacturers and provide technical support locally .
- Pearlyond Technologies New Zealand Pearlyond Technologies focuses on fiber optic patch cords, assemblies, and test equipment. They operate ISO9001-certified factories and offer custom solutions for fiber optic infrastructure. They may also facilitate procurement of rewinding machines and provide integration support for local operations .

International Manufacturers of Rewinding Machines

- Supertek Supertek produces high-speed rewinding systems for optical fibers and fiber optic cables. Their machines achieve winding speeds up to 1000 m/min with precise tension control and programmable winding patterns. They are suitable for industrial-scale operations and can handle lengths from 5 km to 50 km .
- Winding Technology Winding Technology offers high-speed rewinding machines capable of handling fiber, wire, and delicate materials. Their systems support variou...
