

Nordic fiber optic cable manufacturer for smart buildings

Article Overview

Key Nordic fiber optic cable suppliers for smart building applications include Nexans Norway AS, Fiberworks, NEK Kabel AS, and Sohome, offering high-quality, fire-safe, and specialized fiber solutions.

Leading Manufacturers

Nexans Norway AS is a major player in the Nordic region, providing a wide range of fiber optic cables, including fire-resistant and halogen-free options suitable for smart buildings, tunnels, and public infrastructure. They focus on sustainable cabling and advanced solutions for high-bandwidth networks, making them ideal for modern smart building projects . Fiberworks specializes in high-quality fiber optic solutions, offering tailored products and services for advanced communication networks. Their portfolio includes cables optimized for building automation, data transmission, and enterprise connectivity, emphasizing precision and reliability . NEK Kabel AS provides DNV-certified cables for industrial and building installations, including hospitals and commercial buildings. Their fiber optic products are designed for safety, signal integrity, and robust performance in demanding environments . Sohome offers DNV-approved cabling systems, including Cat6a, Cat7, hybrid, and fiber optic solutions. Their products are suitable for both offshore and onshore applications, ensuring high-quality communication networks for smart buildings and complex infrastructure projects .
