

North Asia Industrial Gigabit Switch Manufacturer

Article Overview

Leading industrial gigabit switch manufacturers in North Asia include Maisvch, YUHANG, LINKOH, and Konten Networks, offering rugged, high-performance Ethernet solutions for harsh environments.

Key Manufacturers

1. Maisvch (China) Maisvch specializes in industrial Ethernet switches with a wide range of features, including 10 Gigabit, Gigabit, and Fast Ethernet ports, fiber, copper, and serial options. Their switches are designed for extreme conditions, offering resistance to temperature fluctuations, surges, vibrations, dust, and moisture. Maisvch provides managed, unmanaged, PoE, fiber optic, and DIN-rail switches, with full certifications such as FCC, CE, and RoHS. They support OEM/ODM solutions and have a 10,000⁺ facility with advanced R&D and testing systems for consistent performance and reliability . 2. YUHANG (China) YUHANG is recognized as one of China's largest industrial Ethernet switch manufacturers, with over 1,000 models covering mainstream chip solutions from IC Plus, Realtek, Vitesse, Broadcom, and self-developed chips. They offer rugged managed switches, PoE options, and DIN-rail configurations, focusing on minimizing network downtime and supporting Industry 4.0 applications. YUHANG emphasizes real-time monitoring, OT security, and scalable connectivity for industrial automation . 3. LINKOH (China) LINKOH provides a total solution combining industrial switches, PoE switches, Ethernet switches, and cloud management platforms. Their products are designed for harsh environments such as industrial automation and outdoor surveillance. LINKOH holds CE, FCC, and RoHS ce...
