

# North Macedonia Professional Explosion-proof Distribution Box Manufacturer

## Article Overview

Global manufacturers like Warom, BARTEC, Supermec, and R. STAHL provide ATEX/IECEx-certified explosion-proof distribution boxes suitable for hazardous areas, which can be sourced for use in North Macedonia.

### Key Manufacturers and Products

Warom specializes in explosion-proof electrical equipment, including distribution boxes, control equipment, and motor switches. Their HRMD91 series features flameproof enclosures (Ex d IIB+H2) made from copper-free aluminum with powder-coated surfaces, designed for durability and long service life. These boxes can be combined and installed flexibly, and client-specific requirements can be incorporated. BARTEC offers a wide range of explosion-proof and substance-resistant components, including low-voltage switchgears, power distribution boards, and junction boxes up to 40kV. Their solutions cover Ex d (flameproof), Ex e (increased safety), Ex i (intrinsically safe), and Ex p (pressurized) protection types, with modular and custom configurations for hazardous zones. Supermec manufactures ATEX-certified explosion-proof junction boxes and electrical control equipment for chemical, petrochemical, pharmaceutical, and oil & gas industries. Their products are designed to withstand highly corrosive environments and provide long-term reliability. R. STAHL provides terminal and junction boxes certified for hazardous areas worldwide. They offer both standard and custom-made solutions with short delivery times, ensuring compliance with international installation standards ....
