

Peace fiber optic cable laying

Overview

The laying of PEACE undersea cable in Pakistan's territorial waters will begin in March, following government approval this month for Cybernet, a local internet service provider, to construct an Arabian Sea landing station in Karachi, according to Nikkei Asia. The first commercial use cable from Singapore to France after COVID-19 pandemic when Singapore segment achieves RFS in 2024 H1. Fully diversified terrestrial cables across Egypt by new crossing routes rather than the traditional south route and north route. No restrictions on participants. Pakistan & East Africa Connecting Europe (PEACE) is initially a 15,000 km submarine cable from Pakistan to France, extended from Pakistan to Singapore for an additional 6,500km, with main trunk landing in Singapore, Pakistan, Kenya, Egypt and France and branches to the Maldives, Malta, Cyprus, etc. It is owned by Peace Cable International, a subsidiary of Hengtong Group.
