

Pinglu Fireproof Cable Tray Price Inquiry

Article Overview

Pinglu fireproof cable trays are available in stainless steel, galvanized steel, and fiberglass, with prices varying based on material, size, and order quantity, typically offered at wholesale or bulk discount rates.

Product Overview

Pinglu cable trays are designed for fireproof and corrosion-resistant applications, suitable for industrial, commercial, and high-risk environments such as tunnels, water treatment plants, hospitals, and factories . They come in various types including cable ladder, perforated tray, wire mesh tray, and solid-bottom tray, allowing flexibility depending on load requirements and ventilation needs . Materials commonly used for fireproof trays include stainless steel, hot-dip galvanized steel, aluminum alloy, PVC, and fiberglass, each offering different levels of fire resistance and durability .

Pricing Factors

The price of Pinglu fireproof cable trays depends on several factors:

- Material: Stainless steel and fiberglass trays are generally more expensive than galvanized steel or PVC .
- Size and Load Capacity: Larger trays or those designed for heavy-duty applications cost more.
- Type of Tray: Ladder trays, perforated trays, and wire mesh trays have different manufacturing costs, affecting the price
