

Price of fire-resistant trapezoidal cable trays

Article Overview

Fireproof trapezoidal cable trays typically range from \$20 to \$80 per meter, depending on material, size, and fireproof coating specifications.

Pricing Overview

The cost of fireproof trapezoidal cable trays varies based on several factors:

- **Material:** Common options include galvanized steel, stainless steel, aluminum, and powder-coated steel. Stainless steel and specialized fireproof coatings generally increase the price .
- **Dimensions:** Width, depth, and thickness affect the price. Standard widths range from 100mm to 300mm, with thicker steel or larger spans costing more .
- **Fireproof Coating:** Trays with intumescent or fire-resistant powder coatings designed to withstand high temperatures (e.g., 30-120 minutes fire rating) are more expensive than standard trays .
- **Load Rating:** Trays designed for heavy-duty applications with higher load capacities (e.g., 10-20 kg/m or more) are priced higher .
- **Customization:** Custom lengths, bends, and accessories like elbows, covers, and trapeze hangers can increase the overall cost .

Supplier Examples

- **Alibaba Suppliers:** Offer powder-coated fireproof steel trays with flexible shipping...
