

Price of polymer cable trays in Portugal

Article Overview

Polymer cable trays in Portugal typically range from €15 to €50 per meter, depending on size, type, and supplier.

Overview

Polymer (plastic) cable trays are widely used in residential, commercial, and industrial electrical installations in Portugal due to their lightweight, corrosion-resistant, and durable properties. Prices vary based on tray width, height, load capacity, and design (ladder, perforated, or solid-bottom trays). Smaller trays for light-duty applications are generally at the lower end of the price range, while larger or specialized trays for industrial use are more expensive.

Market and Suppliers

Portugal has a competitive market for cable trays, with multiple manufacturers and suppliers such as GroupSumi, Jeetmull Jaichandlall, and other local producers. These suppliers offer a variety of polymer cable trays and accessories, including supports, joints, and connectors. B2B marketplaces like Europages and Trademo list numerous manufacturers and distributors, which can be contacted directly for quotes.

Factors Affecting Price

- Material quality: High-grade polymers with UV and fire resistance cost more.
- Tray dimensions: Wider and deeper trays carry higher prices.
- Load capacity: Trays designed for heavy-duty industrial use are more expensive.
- Accessories: Supports, brackets, and connectors add to the total cost...
