

Price of the upgraded E2000 connector for field operations in Bangladesh

Article Overview

Upgraded E2000 fiber optic connectors typically range from USD 15 to USD 50 per unit, depending on type, features, and supplier, with field-assembly variants at the higher end.

Overview

The E2000 connector is a high-performance fiber optic interface widely used in telecom, industrial, and data transmission applications . Upgraded versions include features such as:

- Active Core Alignment (ACA) for ultra-low insertion loss (~ 0.1 dB)
 - Spring-loaded metal shutters for dust and laser protection
 - IP65 O-ring sealing for rugged, field-ready environments
 - Field assembly options for single-mode (SM) and multi-mode (MM) fibers
- These features make the upgraded E2000 suitable for field operations, including outdoor deployments and high-reliability networks.

Price Range

Globally, E2000 connectors are priced based on:

- Connector type: Standard SM, APC, PM, or VIS/NIR variants
- Assembly method: Factory-polished vs. field-assembly...
