

Prices of premium high-end electrical distribution boxes in Singapore

Article Overview

Premium high-end electrical distribution boxes in Singapore typically range from SGD 500 to over SGD 5,000 depending on specifications, materials, and brand.

Price Overview

The cost of high-end distribution boxes varies widely based on size, material, IP rating, and brand:

- Small to medium wall-mounted enclosures (IP55-IP65, steel or polycarbonate) generally start around SGD 500-1,500.
- Industrial-grade or marine-grade panelboards with advanced features, such as overground power distribution boards, motor control centers, or custom busbar systems, can range from SGD 2,000 to over SGD 5,000 .
- Premium brands like Schneider Electric, ABB, or Legrand often command higher prices due to certifications, durability, and advanced safety features .

Factors Affecting Price

- Material: Stainless steel or powder-coated steel enclosures are more expensive than polycarbonate or standard sheet metal .
- Ingress Protection (IP) Rating: Higher IP ratings (IP65-IP66) for outdoor or wet environments increase cost.
- Customization: Custom sizes, busbar configurations, or integrated metering panels add to the price
