

Quotation for a 1200mm deep cable TV transmission cabinet project

Article Overview

A 1200mm deep cable TV transmission cabinet can be sourced from suppliers like Highblade Cables or Comms Express, with pricing dependent on size, material, accessories, and installation costs.

Cabinet Specifications and Options

For a 1200mm deep cabinet suitable for cable TV transmission:

- Depth: 1200mm (as requested)
- Width: Common options include 600mm, 800mm, or custom widths
- Height: Standard rack heights range from 18U to 47U
- Material: Typically 2mm steel for durability and static load support up to 750kg
- Finish: Powder-coated in grey, dark grey, or black; custom colors available
- Accessories: Fan trays, plinths, Mains PDUs, shelves, busbars, and cable management options

Cost Considerations

When preparing a quotation, consider the following components:

- Material Costs: Base cabinet, steel grade, powder coating, and any custom finishes
- Accessories: Fans, shelves, cable management, and power distribution units
- Labor Costs: Installation, mounting, and configuration; typically calculated per hour with surcharges for emergency or weekend work if applicable...
