

South Asia Small Busbar Maintenance Manufacturer

Article Overview

Key manufacturers in South Asia for busbar maintenance and processing include DBTS Industries (Malaysia), MunHean (India), and regional suppliers of CNC and portable busbar machines.

Notable Manufacturers and Suppliers

DBTS Industries Sdn Bhd (Malaysia) DBTS is a leading manufacturer of busduct, busbar, and busway systems, specializing in maintenance-free, thermoset epoxy-insulated busbar trunking systems suitable for low and medium voltage applications. Their products are designed for harsh environments, including water-immersion, oil & gas, and chemical industries, and comply with IEC331 and BS 6387 standards. DBTS offers IP68-rated low-voltage and medium-voltage busducts, ensuring durability and minimal maintenance for industrial and commercial installations . MunHean / C&S Electric Ltd (India) MunHean, part of the C&S Electric Group, operates manufacturing plants in India and provides busbar trunking systems under the METABAR and ISOBAR series. Their solutions are tested to IEC standards and have been deployed in hotels, factories, residential complexes, and industrial facilities across South Asia. They offer technical support and installation services, making them a reliable choice for maintenance-focused busbar systems . DESG and SunShine (China, serving South Asia) While headquartered in China, DESG and SunShine supply CNC busbar processing machines, portable hydraulic busbar machines, and multi-functional 3-in-1 busbar machines to South Asian markets. These machines support bending, punching, and cutting of copper and aluminum busbars, enabling local manufacture...
