

Southern European UPS Power System Manufacturers

Article Overview

Key UPS manufacturers in Southern Europe include Riello UPS (Italy), EPI UPS (Italy), and G-Tec (Italy and France), offering a range of industrial and data center power solutions.

Leading Southern European UPS Manufacturers

Riello UPS (Italy)

- A prominent Italian manufacturer specializing in uninterruptible power supplies for industrial, commercial, and data center applications.
- Offers modular and scalable UPS systems with high reliability and energy efficiency.
- Known for strong regional presence and tailored solutions for Southern European markets (Italy, Spain, Portugal).
- EPI UPS (Italy)
- Originally an Italian manufacturer, now a global provider with factories in Italy.
- Produces UPS systems up to 1,000 kVA, with parallel configurations up to 6 MVA, suitable for data centers and industrial plants.
- Focuses on research and development, ensuring compliance with strict European standards and providing technical support before and after sales.
- G-Tec (Italy and France)
- Founded in 2004, G-Tec operates manufacturing facilities in Italy and France.
- Offers uninterruptible power supply systems for industrial and commercial applications, emphasizing reliability and regional service support.
- Socomec (France)
- A French regional champion in UPS systems, specializing in specific power ranges...
