

Standardized Cable Tray Support Costs

Article Overview

Standard cable tray supports typically range from \$1 to \$35 per unit, depending on material, size, and load capacity.

Price Overview

- **B2C Retail Prices:** Individual cable tray supports for small-scale or consumer use are generally priced between \$15 and \$34 per unit, with some budget options available as low as \$0.92 for basic models .
- **B2B Wholesale Prices:** For bulk purchases, prices vary widely from \$0.80 to over \$76 per unit, depending on material quality, load rating, and supplier .

Material and Type Considerations

- **Galvanized Iron (GI) Supports:** Commonly used for standard installations, available in C-channel and Z-support designs, offering good corrosion resistance and durability .
- **Gauge Options:** Supports are available in 14 SWG, 16 SWG, and 18 SWG, with thicker gauges providing higher load-bearing capacity .
- **Other Materials:** Stainless steel, aluminum, and fireproof FRP supports are available for specialized industrial or outdoor applications, often at higher prices .

Factors Affecting Price

- **Load Capacity:** Supports designed for heavier cable trays or industrial loads cost more.
- **Installation Ease:** Pre-drilled or no-drill supports may be priced higher due to conv...
