

Swiss optical module manufacturing plant

Overview

Swiss PIC is located in Park InnovAARE, next to the Paul Scherrer Institute, Villigen, Aargau, Switzerland. Swiss PIC is located in Park InnovAARE, next to the Paul Scherrer Institute, Villigen, Aargau, Switzerland. For purposes of inspection, optical instruments in the DUV range ($< 300 \text{ nm}$) are used today. With our modern production facility in Heerbrugg, we are able to meet the increasing requirements of the semiconductor industry. We operate cleanrooms of class ISO 5 (100) with very clean work zones under. The SwissOptic AG is based in Switzerland - your long-term and trusted partner along the entire value chain - from concept to volume production. We develop, manufacture and integrate optics, mechanics and electronics into innovative system solutions.
