

Vietnam Fiber Optic Distribution Frame Manufacturer

Article Overview

Leading manufacturers of fiber optic distribution frames in Vietnam include Norden and Viet Fiber, offering high-density, high-quality ODF solutions with full production capabilities.

Key Manufacturers

1. Norden Communication Norden is a prominent manufacturer and supplier of high-density floor-standing fiber optic distribution frames in Vietnam. They specialize in ODFs designed for efficient fiber management, supporting high port counts and modular configurations suitable for data centers and telecommunication networks. Norden emphasizes quality and competitive pricing for both domestic and international clients . 2. Viet Fiber Established in 2014, Viet Fiber is a Vietnamese manufacturer focusing on fiber optic and copper structured cabling solutions. They operate with full vertical integration, controlling the entire production process from raw materials to final assembly, which ensures superior quality, cost efficiency, and faster lead times. Viet Fiber supplies products to international markets including the USA and EU, and they are actively investing in research and development for data center connectivity solutions .

Product Features

Fiber optic distribution frames (ODFs) from these manufacturers typically include:...
