

Warranty warranty for 1 6T access switch

Overview

Limited lifetime warranty (where applicable) extends only for as long as the original end user owns the product and is limited to five (5) years from the end of sale date. This warranty includes coverage of any built-in fans and power supplies for the entire warranty period. Cisco warranties are subject to and provided only on the terms and conditions as set out in the warranty version. Removable power supplies, modules, and accessories such as antennas, fans, power cords, and so on may have different warranty coverage than the host device. See the HPE Aruba Networking Product Warranty Quick Reference Guide for more details. Customers can select different SLAs for hardware replacement, add-on services like onsite engineer support, testing-as-a-service, Designated Support Engineers and more. Just enter your product's serial number to instantly access important details, including warranty. To find the specific warranty that applies to your product, visit Cisco's Warranty Finder. This page provides answers to many frequently asked questions about our product warranties and Return Materials Authorization (RMA) policies. Q 1: What is the role of a Cisco warranty?

A.
