

What brands of optical fiber cables are used for air force communication

Overview

Military QPL and MCOTS Fiber optic interconnect technologies (MIL-DTL-38999 Type, MIL-DTL-83526 GFOCA Type, MIL-PRF-28876, ARINC 801 and more) deliver high data rate and high bandwidth performance in harsh land, sea, air, space and C4ISR applications. This page showcases leading military fiber optic cable manufacturers and suppliers offering solutions for secure data. OCC is recognized by defense agencies worldwide for its rugged fiber optic cables designed for the the military ground tactical market. We offer a wide array of cable assemblies for each branch of our armed forces. We are known for the rigorous quality. Optical cables for broadcasting and HD TV Cameras Optical cables for sensing and monitoring temperature, vibration or intrusion. In Optiral we manufacture cables with the best optical fibers in the market. Sensing & Monitoring Solutions based in Optical Fibre We have product quality certificates UL.
