

Where can I buy cheap mesh cable trays

Article Overview

You can find affordable mesh cable trays on Amazon, McMaster-Carr, Grainger, and Home Depot, depending on your needs and installation type.

Online Retail Options

- Amazon offers budget-friendly under-desk cable management trays that are easy to install without drilling. These trays are made of metal mesh, support up to 15 lbs, and help keep cords organized and off the floor, making them ideal for home or office use (Amazon.com) .
- McMaster-Carr provides a wide selection of wire mesh trays in various sizes and styles, suitable for both small-scale and industrial applications. They offer same-day or next-day delivery, which is convenient if you need trays quickly (McMaster-Carr) .
- Grainger carries cable ladder and wire mesh trays designed for overhead or underfloor cable routing. While slightly more industrial, Grainger offers reliable products with fast delivery and 24/7 customer support (Grainger) .
- Home Depot sells wire mesh products that can be adapted for cable management. They offer free shipping on qualified items or in-store pickup, which can help reduce costs (Home Depot) .

Tips for Finding Affordable Options

- Compare sizes and weight capacity to ensure the tray meets your cable load requirements.
- Check installation type: under-desk trays often clamp without drilling, while industrial trays may require mounting hardware.
- Look for bulk or multi-pack deals on Amazon or McMaster-Carr to save money....
