

Where can I find cable trays for power plants

Article Overview

You can purchase heavy-duty, fireproof, and corrosion-resistant cable trays for power plants from specialized suppliers like Accio, Shilden, Ekabel24, Elcon Global, and McMaster-Carr.

Recommended Suppliers

- Accio: Offers cable trays specifically designed for power plants, including galvanized steel, aluminum alloy, and FRP trays. Their products comply with IEC 61557, NEC Article 390, and AS/NZS 2053 standards, and they provide fire-rated options suitable for turbine rooms and control centers .
- Shilden: Provides a wide range of cable tray systems including ladder, perforated, wire mesh, solid bottom, and channel trays. Materials include stainless steel, galvanized steel, aluminum, and FRP/GRP, suitable for industrial plants, offshore platforms, and renewable energy projects .
- Ekabel24: Offers high-quality cable trays and ladders in hot-dip galvanized steel, stainless steel, and halogen-free plastic, compliant with DIN EN 61537 and international standards .
- Elcon Global: Specializes in wire mesh cable trays (wire basket trays) ideal for power plants, substations, and high-voltage zones. These trays provide superior ventilation, heat dissipation, and lightweight strength for heavy-duty applications .
- McMaster-Carr: Supplies a broad selection of wire mesh and other cable tray systems with same or next-day delivery, suitable for industrial and commercial installations
