

Which manufacturers produce network cabinets in Germany

Article Overview

Germany hosts several leading manufacturers of network and server cabinets, including Rittal, nVent Schroff, Lehmann IT, EFB-Elektronik, SCHÄFER, and ASSMANN Electronic.

Key German Manufacturers

Rittal - Founded in 1961 and headquartered in Herborn, Rittal is a global leader in enclosure systems, IT infrastructure, and network cabinets. They offer a wide range of products including server racks, power distribution units, and cooling solutions, all manufactured to international standards and customizable for various industries .

nVent Schroff - Specializes in electronics packaging and server cabinets, including the Varistar NET Plus Cabinet. Their products are designed for efficient cabling, cooling, and robust protection, suitable for both IT and telecom applications .

Lehmann IT - Based in Salach, Germany, Lehmann IT has over 40 years of experience producing high-quality server and network cabinets, acoustic enclosures, and climate-controlled racks. They focus on durability, energy efficiency, and custom solutions for data centers, offices, and industrial environments .

EFB-Elektronik - Established in 1988, EFB-Elektronik manufactures network and server rack cabinets, fiber optic and copper cabling, and power supply solutions. They emphasize ISO 9001 quality standards and offer customized products for diverse applications .

SCHÄFER IT-systems - Founded in 1998 in Betzdorf, SCHÄFER produces professional server and network cabinets, PDUs, and cooling solutions. They provide high-performance racks and accessories, with options for fully customized data center solutions .
