

Wholesale Price of Optical Cable Embedded Pipes in Malaysia

Article Overview

Wholesale fiber optic cables in Malaysia range from \$0.15 to \$0.60 per meter for bulk orders, depending on cable type, core count, and construction.

Pricing Overview

For large-scale deployments, such as backbone networks or FTTx projects, armored outdoor cables suitable for embedding in pipes are the most cost-effective. Typical wholesale prices per meter are:

- GYTA/GYTS armored cables: \$0.15 - \$0.21/meter for orders exceeding 100,000 meters
 - ADSS aerial cables: \$0.01 - \$0.06/meter for massive volumes (300,000 meters or more)
 - Double-armored GYFTA53 cables: \$0.33 - \$0.36/meter for challenging environments
 - Figure 8 cables (GYTC8Y): \$0.43 - \$0.60/meter, including integrated messenger wire for aerial installation
- For smaller or indoor projects, tight-buffered cables (GJFJV/H) are priced around \$0.28 - \$0.40/meter, while lighter armored GYXTW cables start at \$0.05/meter for bulk purchases .

Factors Affecting Price

- Fiber Type: Single-mode (G.652.D, G.657.A1/A2) is more common for backbone and access networks, while multimode fibers (OM3/OM4/OM5) are used for shorter distances....
