

Yellow Flame-Retardant Optical Cable Manufacturer

Article Overview

Leading manufacturers of flame-retardant optical cables include Lapp Group, CommScope, Prysmian Draka, and Optral, offering LSZH and fire-resistant fiber solutions for indoor and outdoor applications.

Key Manufacturers and Products

1. Lapp Group Lapp Group produces HITRONIC® fiber optic cables, designed for high-speed, secure data transfer. Their cables are available in halogen-free, flame-retardant, and LSZH variants, suitable for industrial networking, machinery, and building installations. Lapp also provides flexible, UV-resistant, and heat-resistant options for demanding environments . 2. CommScope CommScope offers a wide range of indoor/outdoor Low Smoke Zero Halogen (LSZH) fiber optic cables, including CPR-only flame-rated options. Their portfolio includes central tube, stranded loose tube, and armored cables, suitable for air-blown installation, drop applications, and long-distance outdoor deployment . 3. Prysmian Draka (FireTuf) The Draka FireTuf series features OM1, OM3, OM4 multimode and OS2 singlemode fibers with internal/external LSZH sheaths. These cables are fire-resistant and flame-retardant, compliant with IEC 60331-25 and IEC 60332-2-3-24C standards. They are ideal for fire alarm systems, voice evacuation systems, tunnels, and public buildings, ensuring circuit integrity during fire events . 4. Optral Optral specializes in flexible, resilient, totally dielectric optical cables with LSZH halogen-free, low smoke, and flame-retardant compounds. They offer customizable fiber counts, direct connectorization, and compliance with IEC 60794 standards, making them suitable for both indoor an...
